Prof Debabrata Basu

Bidhan Chandra Krishi Viswavidyalaya
Department of Agricultural Extension
Faculty of Agriculture
Po: Krishi Viswavidyalaya, Dist: Nadia
West Bengal – 741252

INTRODUCTION

The global scenario of extension management has been elevated to earn a new level of methodological innovations and performance proficiency, just to make agriculture and rural enterprise a new connotation for livelihood for millions. Humane skills and innovations are the driving force to initiate and sustain production function, value addition and quality management for any nation or organization. To scale up the present level of agricultural productivity to an attainable level of three hundred fifty mt by 2040, we have to explore new skills, manage new resources and integrate apparently discrete innovations into a unified conceptual capability. We need modern skill management and organizational proficiency in agriculture.

The development approaches and programmes in the present World are undergoing fast and rapid changes as well as experiences. With the unabated increase of hunger, poverty and entropy across the World, the need for monitoring and evaluation techniques of different development programme has become extremely imminent. While more than one billion people in the present World are reeling under abject poverty, it will be a luxury and a crime to show mark of indifferent or skewed interest in the monitoring of projects meant for poor people for their enunciation from poverty and stigma of humiliation.

The scientific and dependable methods, tools and techniques for project monitoring are evolving yet, and not in resolving state. Different indicators used to measure poverty; livelihood, discriminations, impact, risk etc deserve a special attention from the experimenter and professional of development and progress. All these have got a far line consequence in the formatting of policy, customizing of approaches and standardizations of actions.

OBJECTIVES

- Creating knowledge base on the concepts, approach, methodology and application for shaping advanced extension strategy for communication and managerial skills for extension professionals;
- Generating performing skills, strategy and vision to supplement and compliment the areas of communication and management skill;
- Sharing experiences and creating learning profile with the eminent experts and pioneering organization.
- To derive some policy having national and international implication through interaction and experiential learning approaches.

APPROACHES TO THE PROPOSED SUMMER/WINTER SCHOOL

a) Perception building through brain storming, scenario analysis, scoping and concept sharing on the proposed text.

b) Problem throwing and agenda setting through interactive lecture methods.

c) Remedial and prophylactic measures, forecasting systems, reorienting research and extension, changing policy for investment, scope shaping and dialoging with present intervention and future strategy for protecting agriculture, animal husbandry, fishery, rural enterprises and eco-system as a whole.

ABOUT THE INSTITUTE

Bidhan Chandra Krishi Viswavidyalaya came into being in 1974. The sylvan campus surrounded by deep green landscape, present a pleasant symphony of serenity and beauty.

The Department of Agricultural Extension is one of the oldest and most prestigious departments of this Viswavidyalaya. The department is unique for its innovative teaching approach, front line project operations and cutting edge research methodology. And all this are catered by a good number of erudite and eminent faculties to nurture young and bright scholars. The present Summer/Winter School has been the eight in a row for this discipline in this Viswavidyalaya and can be claimed as a splendid example of its class and level.

Situated at 56 Km away from Kolkata, it is closer to village and rural life all around. The trio of Faculties viz. Agriculture, Horticulture and Agricultural Engineering keeps on graduating young talents, creative mind and committed personality and has gone nationally reckoned to bring pride to the institution.

HOW TO REACH

From Sealdah Railway Station, Kolkata; frequent local train services provide excellent connectivity with the University. Kalyani Railway Station is the nearest to the campus; from there, it is of 5 minutes drive by auto/rickshaw to reach the venue i.e. Farmers Academy Convention Centre (commonly known as FTC or Lake Hall) PO: Kalyani, Dist. Nadia, West Bengal, Pin-741235, Phone: 033-25825908.
