

**Annexure-II**  
**List of Equipments purchased and Installed in Export Testing Laboratory and their**  
**Present Status**

**BIDHAN CHANDRA KRISHI VISWAVIDYALAYA**

| Sl. no. | Name of the Equipment                                                                     | Make                | Qty.                    | Remarks                               |
|---------|-------------------------------------------------------------------------------------------|---------------------|-------------------------|---------------------------------------|
| 1       | Waters Micro Mass LC – MS-MS System (Quattro micro)                                       | Waters              | 1 no.                   | Out of Order (Health Check up needed) |
| 2.      | GC-MS-MS- Saturn 2000                                                                     | Varian              | 1 no.                   | Out of Order (Health Check up needed) |
| 3.      | AAS ( Spectra 1 AA DUO)                                                                   | Varian              | 1 no.                   | Out of Order (Health Check up needed) |
| 4.      | Ultra Centrifuge (Avanti J 301)                                                           | Brakeman Coulter    | 1 no.                   | Out of Order (Health Check up needed) |
| 5       | Eyela Rotary Vacuum Evaporator (1000S-W)                                                  | Tokyo Rikakikai     | 3 nos.                  | Out of Order (Health Check up needed) |
| 6.      | Electronic Balance (CP 225 , GP 3202 , GE 812)                                            | Sartorius           | 4 nos.                  | Out of Order (Health Check up needed) |
| 7.      | Polytron Homogenizers ( PT 3100)                                                          | Kinematica AG       | 2 nos.                  | Out of Order (Health Check up needed) |
| 8.      | UV-VIS spectrophotometer ( Cary 50)                                                       | Varian              | 1 no.                   | Running                               |
| 9.      | Microwave Digestion Unit ( MARS)                                                          | CEM                 | 1 no.                   | Out of Order (Health Check up needed) |
| 10.     | Shaking Incubator (ZHWY-200D)                                                             | Shanghai Shenhong   | 1 no.                   | Running                               |
| 11.     | N-Evaporator (Tturbovap LV)                                                               | Crescent Scientific | 1 no.                   | Out of Order (Health Check up needed) |
| 12.     | Super Critical Fluid Extractor / ( SFC/SFE) PU-1580 CO <sub>2</sub>                       | Jasco               | 1 no.                   | Out of Order (Health Check up needed) |
| 13.     | HPLC with PDA & fluorescence detector (2000 series )                                      | Jasco               | 1 no.                   | Out of Order (Health Check up needed) |
| 14.     | SPE Cartridge ( Vacuum manifold)                                                          | Varian              | 2 nos.                  | Running                               |
| 14.     | Gas Generator (H <sub>2</sub> +N <sub>2</sub> )                                           | Domnick Hunter      | 2 nos.                  | Out of Order (Health Check up needed) |
| 15.     | Digital Micro-pipettes ( Research pro -5-100µl , 50-1000 µl, 10-100 µl, 0.5-10 µl)        | Ependroff AG        | 7 nos.                  | Out of Order (Health Check up needed) |
| 16.     | ELISA ( 680MR)                                                                            | Bio-RAD             | 1 no.                   | Out of Order (Health Check up needed) |
| 17      | UPS (10 KVA / 7.5 KVA / 6 KVA/3 KVA / 1 KVA)                                              | Emerson             | 12 nos.                 | Out of Order (Health Check up needed) |
| 18.     | Generator 50KVA                                                                           | Kirloskar           | 1 no.                   | Running                               |
| 19.     | Cold Room                                                                                 | Blue star           | 1 unit ( 2 chambers)    | Out of Order (Health Check up needed) |
| 20.     | Refrigerator (445 L )                                                                     | Electrolux          | 2 nos.                  | Running                               |
| 21.     | Desktop Computer                                                                          | Lenovo              | 6 nos.                  | Out of Order (Health Check up needed) |
| 22.     | Laptop                                                                                    | IBM Lenovo          | 1 no.                   | Out of Order (Health Check up needed) |
| 23.     | Printer : i. HP 3050 Laser Jet<br>ii. HP Colour Laser- 3600<br>iii. HP 1020 Laser printer | HP                  | 1 no.<br>1 no.<br>1 no. | Out of Order (Health Check up needed) |
| 24.     | LCD Projector (VPL)                                                                       | Sony                | 1 no.                   | Out of Order (Health Check up needed) |

Dr. Sankhajit Roy  
PI, Export Testing Laboratory
