### General Advisory:

After harvesting of rabi crops farmers are advised to test their soil from certified sources or university and enhance soil health.

### SMS Advisory:

After harvesting of rabi crops farmers are advised to test their soil from certified sources or university and enhance soil health.

### Crop Specific Advisory:

Crop(Varieties)	Crop Specific Advisory
RICE	Start harvesting of 80% matured grains and stored it in a safe place. Don't burn the stubbles after harvesting. It creates air pollution and also deteriorates soil health. Mix it with soil for next crop for better soil health and productivity.

### Fisheries Specific Advisory:

<b>Fisheries(Varieties)</b>	<b>Fisheries Specific Advisory</b>
COMMON RIVER FISH	Drain out excess water and keep clean pond water. Use Terramycin tablets to control bacterial diseases.
