Report of Mega Input Kit Distribution cum Awareness Programme

NADIA KVK, BCKV organized a Mega agricultural critical input distribution cum awareness programme aiming towards livelihood upliftment of the scheduled caste community of the district on 31st January, 2024 at the KVK premises under the ICAR funded SCSP programme. The programme was inaugurated by the Hon'ble Vice-Chancellor, BCKV Prof. Goutam Saha. The programme was graced by Director, ICA -ATARI, Dr. Pradip Dey as Chief Guest. Other dignitaries present during the programme were Director of Research, BCKV, Registrar, BCKV, Director of Extension Education, BCKV, Director of Farms, BCKV, Dean, Faculty of Horticulture, BCKV and Project Director, ATMA, Nadia.

During the programme, a publication on the promising technologies was unveiled by the dignitaries. Different critical inputs in the form of kits covering various technologies viz. sustainable soil management, kitchen garden, pulse and oilseed production, mushroom production, nutri-garden management and banana sucker treatment were distributed among more than five hundred SC farmers from ten different blocks of the district. Five progressive farmers from the SC community were felicitated during the occasion for their commendable role in application and promotion of technologies on sustainable management practices, organic farming, pulse and oil seed production, and conservation of local races of different crops.
