General Advisory:

Please download Mausam , Meghdoot & damini app at your smart phone to get weather forecast and agromet advisory .

SMS Advisory:

Spraying , fertilizer application , harvesting etc may be done in the coming week as no rainfall is predicted .

Crop Specific Advisory:

Crop(Varieties)	Crop Specific Advisory
DAINCHA	Farmers are advised to cultivate Dhaincha as green manure crop. It not only improves the physical properties but also helps in meeting nitrogen requirement of succeeding crop.Plough land thoroughly and bring the soil to fine tilth. Make the soil weedfree and mix the stubble with soil properly.For manuring purpose use row spacing 20 cm and sowing depth should be 3-4cm. Sow 20Kg seed/acre.Bury crop in soil when crop is 40-60days old.

Poultry Specific Advisory:

Poultry(Varieties)	Poultry Specific Advisory
CHICK	Arrange electric bulb whole day in the cages of new born chicks. Allow fresh air in the morning 9.30-10 a.m. to 2-2.30 p.m. For avoiding moist condition of litter apply lime in the litter. Glucose, vitamin C and multivitamin may be added with pure water for new born chicks.
